should I tell him that I am very busy here, which is true, and I will get back to him monday? Also, I am tempted to suggest to him that given the information I gave him, I am not sure what there is to talk about? Anyway.. let me know. thanks.. I will be busy for the rest of the day and will not get back to him at the earliest till this evening or tomorrow. I have much more important things to do.

Thanks, yes, I received the email. And I found the message you left on Friday on Monday. Let's aim to speak after you return. Is Tuesday good?

I assume you got my last email. I received a phone message from you while I was boarding a plane to Mexico. I am in Mexico till Monday night. If you want to email me some questions while I am here that might work. Otherwise we might be able to have a phone conversation after I return Monday night.

Dear Dr Krauss,

I can't seem to find a phone message from you. However, I'm happy to have an on-the-record conversation.

I'm sure your schedule is busy, so it might be best to arrange a time if you'd like to talk. I'm free today between Noon and 3pm Pacific, or after 4pm. Tue and Weds I'm free most of the day.

Sincerely,

Peter Aldhous
