tell him you spoke to darren , and asked him his opinion and darren suggested that jeffrey thought he was meeting half way from 5.9 - 6.1. darren thought it was a bad idea to go back now. and ask jeffrey for more, you larry will forward it, if dennis wants , but he must be aware that there is a possibility that jeffrey will walk, and it would be a shame for 50k.

Jeffrey,

below are Dennis's comments,. they agree to the contract and our prebuy, however price \$6.1M.

PPI refers to Pre Purchase Inspection.

Dennis just called me,.he agreed to my inspection to under floor of Lavatories fwd and aft for corrosion, he is aware this is a common area of concern, since the blue fluid used in Lav's is highly corrosive. He also agreed with my addition of "Avionics ramp test" on my prebuy list, he will be liable to repair during this 47 page cockpit functional test that will be preformed. He verbally told me that if we met in the middle \$6,050,00.00 he would get Terry Taylor to agree and sign tomorrow and get this deal done.

Do you agree to purchase price of \$6,050,000.00 ?

thank you,

Larry

251114 Pilot / Copilot seat lube

262050 Fire Bottle Hydrostatic test R/H

Visual inspection under fwd and aft lavatories in cabin

Larry,

We are fine with the changes to the contract except for the price and the 10 additional PPI items, we will allow the 10 additional PPI items for the price of 6.1 as a fair compromise to help get Mr. Epstein the best available G IV for the best price.

Please let me know if that is agreeable and I'll have the contract cleaned up and revised for signature.

Best Regards,
