I am off to London, to debate philosophers along with roger penrose at the Oxford Union, then muslims in London, then hot ladies event at kit cat club in London, then off to meet with scientific colleagues near rome to discuss dark matter detection with them, and then to sweden to promote book there, then back to NYC March 19-21.. then back here to phoenix. How are you doing? Some questions

1. will you be in NYC when I am there?
2. are you coming to the wonderful weekend March 29-30 here? We have booked rooms at the Phoenician resort.. and will have a nice brunch at Jahm's house in addition to the events.. I am hoping you can make it.. Nancy will be here.
3. we have been talking about origins of money event.. we have some ideas.. it is a good idea and so we want to move on it.. (we are also having an event on whether our universe is unique next year, and also possibly one on origins of cancer). Jeffrey Sachs? Neill Ferguson (don't like him, but he wrote a book on the history of money).. anyway, we should talk..
