Jeffrey,

Thank you for inviting us yesterday to the designers and to dinner. It was great to see you again. I appreciate your comments at the beginning of dinner but didn't want to have the discussion with your friends at dinner. I totally understand and I'm good with it. I enjoy my privacy just as much.

I'm happy to discuss in further detail anytime your free but the long story short is that [REDACTED] loves you very much. She's not great at expressing how she feels. It's not fair to you but she had a vision in her head of a family weekend and all of us spending time together over breakfast much like the first time I came to Paris. I'm telling you this not to change anything about this weekend. We are truly very comfortable and happy over here. I just wanted you to know how much she cares about you and why she get's emotional. She's terrified that when the job is done you will abandon her like her last family.

I don't believe that and I know that you care equally about her. I've seen it in your eyes when we speak but sometimes she doesn't and it's because of the work relationship you two have. She wants to be so professional for you that she misses it. Through this last year I have been your biggest supporter because of everything you have done for us. If it weren't for you we may not be together. You supported our relationship [REDACTED]. You have given her time off and you have helped to shaped her into the amazing women that she is. For all of that I thank you so much! In so many ways you have been great to us.

[REDACTED] doesn't want anything from you but love. And I only want to get to know you for her and need nothing else from you. I do like you and I very much enjoy spending time together.

I completely understand how busy you are and I promise will not be offended if you can't help but let me know if you have given any thought to how we could video me [REDACTED] [REDACTED].

Unfortunately we may have to leave sooner than planned. My best friends brother died last night and I need to be there for him too. Right now my focus is making [REDACTED] [REDACTED]. Then once that is done we will probably have to leave back to New York. Again it's ok if your busy, I can take care of this early this afternoon but I'm sure she will want to see you and show you later if we have to leave in the next day or so.

Thank you again for everything.

Jeffrey, I hope Paris is treating you well. I know its cheesy but I wanted to have someone sneak a video of me [REDACTED] [REDACTED]. I know she would love it. We have already done the solo romantic thing once. I have a spot in mind, [REDACTED]. Maybe we can go for a walk through the park and one of the girls, yourself or even Woody (that would be beyond memorable) pretend to take a picture of us [REDACTED]

I know you're busy but I don't really have anyone else in Paris to ask to do this and I think it would mean a lot to [REDACTED]!

Thanks,
