sorry but as important , you I believe are becoming distracted and near self destructive. is it possible to focus on getting the restaurant opened and working instead of fighting . what can i do to help.

the idea that your team beleives they dont have to provide detailed numbers to a project that is under financial pressure and a borrower from a mez lender makes zero sense. EVery penny will need documenation eventually so , whether it is a bank requirement or a lender practical issue or an investor accounting . it is all the same. head down get it open.
