How the art can inspire and lead through the physical and emonic pleasure.

I just managed to survive my first orgasm after such a long pause ...almost two years no signs of libido...as no signs of beauty in nowadays art.

After watching a documentary about Jeff Koons I've became very angree . That was my straight to don't give up and reach my goal 'ridding on my horse'... Salvador Dali and Picasso , especially his 'Dream' gave me a feeling of irrational , imaginary world ,where i felt so flowy, without any understanding of who i am..like their muses lying on the work table or durty couch after the sexual enlightenment with their masters ...the temporal bliss of awareness " i am the only one"...

Jeffrey, I celebrate this melting moment! once again i felt alive!!! i can't go to bed without sharing this with you!!!
