Subject: WAPA consumption for period 4/5/13 - 5/6/13

Date: Tue, 28 May 2013 18:35:32 +0000

Attachments: WAPA_04-05-13_-_05-06-13.pdf

Greetings,

For the period April 5 - May 6, 2013 (31 days), usage per WAPA 62,865 KWH
usage per LSJ reading 62,334 KWH - daily usage 2027.9 - Island days - 17

Last period March 6 - April 5, 2013 (30 days), usage per WAPA 53,340 KWH
usage per LSJ reading 54,297 KWH - daily usage 1778 - Island days - 13

This is the format I would use to present to JEE - please review and your thoughts, changes, etc.

The Island Days sheet is for our use only - it would not be part of the attachment to JE - I just wanted to show everyone where the numbers for the days came from.

DW
