Subject: RE: Fire System Upgrade Proposal for 9 East 71st

Good afternoon Richard and Rich,

Enclosed is the complete proposal for the installation and service of the new Vista 128 system. The system also includes the connection to the sprinkler fire pump panel with monitor modules. The new CO and Gas detectors have also been included.

Please note that the monthly service cost includes the NYC Approved Central Station Monitoring and the semiannual testing and cleaning of the smoke detectors.

If you only want the monitoring and notification the cost will be less.

I will deliver the original contract next week and I thank you for the opportunity to be of service.

Sincerely

Andrew McCaffrey

Good Morning Rich,
I spoke with Mike yesterday and he said that he will have me everything next week.
I will then drop off the proposal.
Stay cool and enjoy the weekend.

Sincerely

Andrew McCaffrey

Subject: Fire System Upgrade Proposal for 9 East 71st

Hi Andy can you please check with your team and see when you are going to have a proposal for the up grade of the fire alarm system at 9 East 71st street. I would like to be able to show the owner the costs of the project.
Thanks Richard Barnett
