FYI
Site meeting with Southwestern wireless (SWW) went very well
They maybe able to provide service from one of there tower sites to the south, engineering confirmation this week
In any event they will provide bid that includes equipment to interface with phone MH and wireless infrastructure at ranch central and lodge
Ranch office phones and security gates and camera interface
Option to upgrade to dual band cell repeaters for both main house coverage and ranch central
Quote possibly early to mid next week
Due to VoIP install, time Warner maybe able to provide service to D Mark
Will probably have confirmation of this early next week
Determination of service delivery to what ever site is key to estimates
Next update Friday
