attached proposals for microwave link and 12 mbps Internet plus 1 x T1 for phone service for your review  
I'm still waiting for South Western wireless to clarify some concern, I should have answers to those questions  
by tomorrow.

The Microwave proposal is for upgraded services from Sandia Crest to the Main House, with links to the  
Lodge and Office at Ranch Central

Please note the 12 mbps service proposal from TW Telco is for 36 mths

Rich has yet to negotiate pricing.

The other option would be to wait for confirmation from Century Link regarding Fiber to D Mark. ( July 2013)  
South Western Wireless have indicated the cost of infrastructure to support fiber from D Mark would be far  
less than the attached

They also recommend the fiber option if it does become available.
