Good afternoon

Attached for your Reference:

Notice of Deficiency-TFL application

We need to engage a VI licensed PE (Mr Ferreras) to Certify SPCC Plan for LSJ Terminal Facility Application

Daphne forwarded the following

" Mr. Ferreras, will to review, edit, and certify Nautilus, Inc's existing SPCC Plan, and review the Detailed Site Plan for the features requested, no more than \$2,500. If the scope of work is determined to be more than outlined above, we will request that Mr. Ferreras provide the estimated additional cost prior to embarking on the job. Mr. Ferreras will need to conduct a site visit of the Facility before certifying the SPCC Plan and Detailed Site Plan.

Mr. Ferreras is currently working on the SPCC for American Yacht Harbor, he has also performed work in the past for Little St. James in the capacity of Structural engineering work and Site inspections pertaining to that work."

May we proceed?

regards Brice
