Good morning
I will likely be traveling that week.
A sense of urgency may have been a result of my trying to understand your noncompete status in light of what was announced in the media and what was discussed during the course of our discussion.

Attempts are still under way in getting internal alignment with key stakeholders.

As soon as Kevin Won's staff informs me on the next step, I will get back to you right away.

Have a pleasant weekend.

Best regards

KC

Greetings,

I just had a change of schedule on July 31 and will be free in the early afternoon from 1-3pm on the MP/PA area.

I have a bunch going on but would be more than happy to talk specifics with you on that date if you're available. I have a little flexibility on the time if that helps you.

Warm regards,
Steven

Hi Steven

I guess I spoke a bit too soon about Tizen.
Latest development in Korea is warranting a quick chat with you to ask you some questions.

Could we schedule a call early next week?

Hi Steven

Hope you are doing well.

First of all, my sincere apologies, on behalf of Samsung Electronics for not getting back to you sooner.

We really struggled on finding a possible match for your preference, especially related to Tizen.

Yet, it is the opinion of many executives that Tizen needs to be an integrated part of Samsung's strategy (even if it means hedging).

Therefore, we would need to see if there are possible opportunities to collaborate in more defined and focused setting down the road.

Whether in a consulting, partnership, or joint development role, perhaps there could be an opportunity in the future.

Our Mobile Division folks know about you; hence, may be willing to reach out when such an opportunity arise in the near future.

Thank you for your continued interest in Samsung Electronics.

Happy July 4TH.

Warmest regards,

K.C. (Sunshine ) Kim
