I spent a good deal of time reviewing emails from 7 and 8 years ago, your acct of what happened directly contradicts email after email. i forgot that you used to sleep all day. that i had to push you to exercise. that you were told that there had to be consequences for you following what i thought was a bad path, fights with dana, jenn, etc. . leaving paris, making scenes. it is embarassing for me to read to see what i put up with. you stating you don't want to be treated like a child , as email after email referred to you as SPOiled, . no one owing you aliving , that you would have to do for yourself. outrageous expectations. for doing little and then on top not doing what you had promised to try, a 360 letter asking for time . I must have really loved you.
