my apologizes for not responding to emails my iphone not working right but I did get them on computer

a few question

#1 dupson would like to know if he can relocate within the company he would love to go to states to further his education ?

#2 I would like to let you know just something to keep in the back of your mind that my wife and me would like to take care of your island after many months of consideration we both think we're up to the challenge just something to think about

and thank you for asking about guy he's fine now
