Jeffrey,

I need you direction regarding credeza plug for stereo.

Jay told me he installed an HDMI plug with 110vac, when I looked, its a plus for ipad or iphone connector NO HDMI plug.

What is your plan for use of the 32inch TV that will sit on top of credenza? Utilize the Apple TV installed on GIV into the tv set for video source? or your ipad or your computer will be source?

I'm not sure I like the old style 34pin I-plug currently installed on credenza? Everyone uses Lighting plug now.
Thx
