Hi Jeffrey,

Thank you for your email. I feel stronger than I did this summer. I miss my Dad terribly but I am slowly adjusting to a new life without him and helping my Mom. I was so lucky to have such a great relationship with him. I am interested in hearing more about the research you are funding. I know in time the Amyloid would have caused severe problems. I was very impressed with the care at Mass General and I want to help them any way I can.

I am happy to help with any decorating sources. As I mentioned, I work for someone overseas but my boss calls me the "source lady" and I have great contacts in the business.

I will be back at the office tomorrow. I can be reached on my cell anytime.
