he told me of the funds successes but failed to tell me that it was his rolex partner, before he joined the fund. 2 . though he told me he had millions of dollars in the fund, he had trouble raising 400k for his last investment.

Gosh! That's good to know. He certainly seems to know how to 'talk the talk'. With his career in the SAS as an officer and subsequent job with the Ministry of Defence procurement, that he might have proved to be a little more solid than most fund managers! If anyone would get it, it's you. So I value your opinion.
