Jeffrey,

We are delivering two large projects right around the same time of January 12<sup>th</sup>.

I would love to be able to accommodate your time frame but it would be impossible.

I may be able to handle the table lids & air gaspers, but my man power is at 100% capacity and we are working 6 days a week.

At this point, even modifying the air gaspers would be a push, but I know it's something that bothers you on every flight so I would do it for you regardless of how it will affect my current capacity.

I am sorry.
