Would you like to talk to him?

I think you'll like him.

many people from quantum physics field says Misha Lukin the closest to quantum computer

<https://futurism.com/this-51-qubit-simulator-could-be-the-key-to-a-full-blown-quantum-computer/>

I knew him well. you can tell from the first moments he speaks that he's far beyond other scientists

have you ever met him?
