Subject: Your I-20 Application

To: [REDACTED]

Dear [REDACTED],

We received your I-20 application and supporting documents. While doing the initial check of your application I noticed that a few items were missing. Before we issue you an I-20, we will need the following:

Supporting Financial Documents

Students must demonstrate how they will support themselves for the entire period of studies. For the first year expenses, students must show cash available funds. You can have your sponsor submit a letter from the bank showing enough funds to cover your expenses, or a current bank statement. Documents must be less than 4 months old. For the following years, students must show how funds will be available in the future, either through a sponsor's proof of salary, recent tax documents, investments, etc.

***The bank statement you provided shows a total of \$75,380 in liquid funds. This is enough to cover your first year. Before I can issue your I-20 I will need:

1. Evidence of how funds will be available for the **3 future years** of your program. Please provide evidence of an additional \$187,500 to cover the remainder of your program. This evidence does not have to be liquid, so it can be in non-cash forms such as investments, property value, or proof of a sponsor's income.

If you will have a sponsor support you for these funds, please make sure to have them also fill out an **Affidavit of Support**. I have attached the form to this email.

To review the expenses for your degree program, please visit:

<http://www.newschool.edu/student-services/international/scholars/forms.aspx?s=2>

IMPORTANT: To review the financial requirements, please visit:

<http://www.newschool.edu/student-services/international/scholars/financialguide.aspx?s=4>

You can email additional documentation directly to me. Please **include your name and New School ID** in the subject line of the email.

Please let me know if you have any further questions.

Best,

Claire
