Not nice ???!!! Paying for a school only for a year and then not continuing is equal of not paying at all. I wanted to continue, you didn't let me. If you are still talking about the Cartier bracelet 3 years later after the money was returned to your card and after apologizing a million times it's really not normal. I moved to London now with [REDACTED] because I don't have the money to pay a rent and Edu is taking care of me at the moment. I want to go to school and learn interesting things but I can't. I don't want to go back to Paris because it makes me think of you even more. I can't do any internships even though I've got opportunities. I'm stuck here with no money and can't grow in a career or in something I like. You've emotionally fucked me up, destroyed me as a person and manipulated me. It's been a year that I cry almost everyday and time doesn't make it better. I trusted you, took you as my second father without knowing you were the devil. You basically ruined my life and then you say I'm not nice ???!!!

not nice,, i paid for the best school. you chose not to go. you chose to steal friends stop being friends when they steal. you still seem not to take responsibility for your past . I am hopeful that you will take the time to acknowledge your role in your own life. .

I might have destroyed your hopes, you destroyed my life.

trying to dirty me and the past is not i believe a helpful way for you to move forward. arrangements are pay for sex. . period . not for months of school, advice, travel on your own to school, no sex no payments . not listening for hours to opinions. guidance , long term pay for sex. . as you should recall there was no sex , but plenty of advice. all ignored. when you realize what friendship means. and the role you play in destroying any hope of one. you might begin to grow. lying to friends is worse than family, someone made a choice to be a friend it wasn't genetic. im confident you will find a way to clarity. . it won't be easy. but you can only get there in my opinion with being honest WITH YOURSELF. . good luck . please do not respond ,

Now that I understood the term "arrangement" and read a few articles about it I understand the dynamics of what you were truly doing and what I represented for you. You were just one of those disgusting man

who needs to pay girls in order to have company and sex out of of their lonely life. I didn't know there were so many people just like you, doing the same exact things. I'm in shock. It looks like a big theater were everyone is playing a role and nothing is real. Not even our friendship was. I was just living an illusion unconscious about what was going on. You pretended to be my friend/lover and manipulated me the whole time. You used me and then abandoned me, treating me like meat. I guess this is how this dangerous game works that costed me a lot psychologically, emotionally and not only. Real friends don't act this way and friendship is NOT a deal.

Honestly I would have preferred not to see all this and know any of it, staying in my idealized world. I would have been much happier I think

It's so crazy how your perception of life changes when you start to acknowledge things like this.

I hope that with this lesson of life I will be more prepared, careful and lucky in the future in meeting the right people , genuinely REAL and most importantly not fall in the same horrible trap ever again.
