If they need controls on me and where the money will be spent
I'm the wrong guy
FYI. David needs what vendors - tell me to look at the weekly requests for payment the vendors are each listed or better yet tell him to look at his cc and who he had to ASAP pay because they refused to deliver for lack of payment

Not that easy
I have said from the start
I will not open the restaurant if the complete budget is not in the restaurant account
Which venders ?? I'm buying food from 20 guys   Who cares which vendors as long as food cost stays in line - which vendors is total crap - no bank is asking for this - david has had the budget for months
Not falling for his trap again- he already pulled this on me
I'll explain more later

I dont disagree.   i am trying to extricate us both , nothing more   .   you and i complaining to each other or to him does no good .   his asking for real numbers . paid to which vendors , is protection for everyone. . dont see the issue .   cost of good s , jus send them the purchase orders.   . if hourly employees hired. set aside payroll. . if that is your concern. .   the office expense of 12 k for one month. if justifed ok. but needs backup. . . the construction, acoustic lights air , not your worry. .   you have a cushion of 17 percent of revenue that you wont pay, as rent. ?
