Dear Jeffrey !

I didn't have chance to say how much thankful I am to you for everything what you done for me.

I'm sooo sad and feel not comfortable now because I can't show how much I appreciate this. All the time I said to Arishka a lot of good and thankful things about you and was hoping you to know it. But I wasn't sure about ask for time to come and say it or to do surprise, because I know I'm not allowed to be at your home, specially after your girlfriend saw me at apartment ,I don't want to bring you trouble. And also I know how busy you are.

But with all my hurt I want to say thank you! And fix this situation. You can't imagine what it means for me, this huge opportunity and chance to have a better life and become a better person. I never had chance to have such amazing, smart and funny person as you are! Arina is very lucky!

Please, let me know how I can be helpful for you. I'll do all my best to find beauty for you . But besides girls, I'm open for every work or everything what you need. I will do it with pleasure!

Hope to hear from you soon! Thank you! [REDACTED]
