Jeffrey

Rusty provide a verbal quote of \$65k to remove Monitors in side window closeout.,and recover.
He informs he awaits WestField response to our request for compensation and the fact we are signed up for \$1.5M upgrades,,
Do you want Rusty to provide a written quote?

Thx
Larry

Message from Rusty:

I rec'd a verbal estimate from the business office this morning Larry. It would be about \$65,000 to comply with your request. Have to verify materials etc. are available, please let me know if you're still interested and I will turn it into a firm proposal for signature. Still working with Westfield on the other items you requested... thx

Rusty
