if there is something i can do to help just ask. sorry about mom. re Yuri. you need some space to think . relax. I recognize the benefits .but they are all on paper. . you are getting married to people who have categorically shown undeniably are unreliable , unable to communicate with you, and make excuses over and over. if you have your fund . separate from your annual fee, and maybe expenses. , when do you get your money and how much. ? you should spread sheet. it. at 150. if you have a 100 percent return over 4 years. you will end up with 10 pretax. . ? and that is if you get your money out. either the fund has to be large. might create other issues for yuri. you need to ask if the fund is capped, and what is the early bird facebook issue. ? also . if the fund grows . does it trigger a filing for advisor .
