Jeffrey
Universal confirms Russian and French passport OK for Marrakech.,

Also, see notes below about Kuwait Landing permit,
Saudi and Iran overflight are the long delay items.,
***Should I request Universal to acquire Landing permit for Kuwait?
If so, what date?

Thx Larry

Larry,
KUWAIT LANDING- Recommended lead time 4 days. We have a note stating CAA will not approve without minimum 48 hours notice.
Please advise if you have a route preference. LFPB-OKBK via Iran approx 2614 NM and via Egypt and Saudi 2824 NM.
IRAN OVERFLIGHT- Recommended lead time 4 days but we have arranged in less time in the past.
SAUDI OVERFLIGHT- permit requires at least 3 days (if requested [sun - thu](#)), & 5 days if requested on fri or sat. note: weekend is [fri-sat](#) in SAUDI ARABIA.
EGYPT- Recommended lead time 4 days but we have arranged in less time in the past.

Hello Larry further to below.

We will need business contact in Kuwait which would be name of contact, his title, the company he works for as well as email address and phone number.
If possible also physical address. If contact is government they may advise to go through diplomatic channels which would then eliminate Universal from being able to obtain permit.

Rgds
Shawn
