1. changes to estate plan. a) girls will inherit from B, assets in the exact form that he holds them in. so that he should change the form of his holdings. This will protect him, the girls, you and he future. - Trusts in their present form are no longer alone the best instruments when edmond was alive they were, but as they were used over the past 50 years for bad purposes many of their protections are moot. The girls need protection. from cousins, relatives, scammers creditors. boyfriends husbands tax authorities etc.

b. trustees and executors of the will need review. c, divisions and commtees to oversee investments, business related issues, (stock votes), and distributions (human judgment) can and should be discussed.

2. I see little upside in your financial mag interview that you intend to do. .. No one who really cares about the share price really cares about the press, and there is more downside than upside, .

3/ I am around all weekend to speak.
