Shoot. Am in SF now for www.ttconf.org. Wanted to come by NYC to see you afterward for a day.

Would like to continue the conversation I had with you regarding the developmental model I presented. I have an understanding of people like Josha and potentially other people that you support and would like to develop a base at our University where they could thrive, develop new stuff, and also be studied if they are open to it. See the attached, though [REDACTED] like to talk you through it.

Also, I have been talking to people close to David Copperfield. He also has two islands in the Bahamas. One of his islands that hosts alternate reality experiences on their island (35K USD per visit).

There is a group called "Unforbidden" who organise events and are looking for an island to collaborate with (Tom Williamson and Tom Latchford). Could be a good rebrand for your island. Thought [REDACTED] see if you were interested.

I've cancelled the Tulum gathering and intend to spend time in NYC. I can get some interesting people together as well. Let me know if [REDACTED] like to do a gathering somewhere around NYC.

Also, where will you be on Oct 15-16? Would like to come see you.

I may be able to get space in Columbia University or at Sophia University in Palo Alto to hold something. There would be a lot more content in Palo Alto. Or, we could do it as a joint thing in NYC. Happy to provide a briefing to your network of people / scientists, etc. on the "Personal Development, Mental Health, and Human Potential" stuff. Can also bring some interesting people (e.g., special abilities).

Let me know.

I am flexible with my post-Tulum gathering though and am willing to move it anywhere. Is your island out of commission? I have a mansion in the Hampton's I have access to. I could put something together at your place in Arizona. We are talking around November 10-13 or 14. Where will you be during that period? I could build a program around your interests.

Hi Jeffrey,

I spoke with Giuseppe and Ornella and it seems that it is too late in the game to move the conference (venue, a lot of locals, international travel booked, etc.).

Let me know.
