Hi Jeffrey,

I hope you're well and happy. As soon as school is over, I'm leaving for Ville Franche Sur Mer, France. I am going to study French for 4 weeks and hopefully become fluent. I enjoy languages and thought the mental activity would help slow down the deterioration of my aging brain. If by any chance, you find yourself in the south of France this summer, please email me. I'd love to see a familiar face (with smiley blue eyes).

Love,
