it is not a deal by deal . it is merely an llc instead of a llp. . since this seems to be so tough either do a partnership with khosla or schwartz, if it makes it easier for you. not larry nor darren can figure out why do a 1 million dollar deal in a field where you have littlex expertise and the chanve of conflict with micosoft is so great. I am there for you.

This is what I was concerned all along.

This is why I did not like your deal by deal proposal - as every time it will take a long time. And it will be an uphill battle.

Requesting one time 20M would be much simpler.

I am also worried that size of this deal makes it even harder for BGI.

I reached out to Larry . I am awaiting to hear back. He is in Europe.

Thank you so much!

I just got off the phone with Rodi Guidero. He said that he had no marching orders regarding Bill's participation in the Blue Talon investment. He said that he understands that his "team" wants to "support" Boris, but had not made any decisions about how and in what form that support would be. He simply wanted to find out what was being proposed, so that he could convey that back to his team. I conveyed the deal simply as you described (50/50 with a 25% carry to Boris). Rodi told me that he was not saying no; just that he had no orders as to whether or how his "team" was going to participate. He also asked if it were true that if Bill did not wish to participate (and he was not saying that Bill wouldn't), you were prepared to fund the whole \$1MM. He also asked how urgent this was. He gave me his contact info and said he would go back to his team for instructions.
