Jeffrey

Installing the blades now, bleeding the brakes,
I should be doing engine leak check ground runs and tail rotor drive shaft balance by 4pm today,,
If your schedule permits, we would do main rotor blade tracking all day tomorrow,
I'll update you at 5pm today,

GIV update

Westfield accomplished engine runs earlier this week, GIV will be ready for test flight mid next week, OR we delay the test flight until after dual loaner engine install scheduled for July 15,

G550

Pete is finishing up G550 sink drain bushing install, and HEX drain valve handle (like you wanted instead of the Round hard to grip handle Eric installed).

***installed 2 / 24" demo LED light bulbs in upwash for your viewing when we depart PBI-STT.

Thx,
Larry
