Thank you. I think going to university and develop new skills is what we want. There are other universities i consider. There are just few days left but i will make final decision. Since we know i hear that i have no skills. Your last proposition only confirms your very low perception of me. It brings me down only. Im tring to change my situation as i can. Please lets not talk about that new idea, i will never accept it. There are things not for sale... If you dont want to support me anymore i understand...
