I didn't want money to be the only tie between us. Sending you my list expenses with no other form of communication would make me feel sick. I tried. I did track my money as you told me, I did know it was about to end (even by being extremely careful about it) but I wanted to see how long I could keep going by myself without asking for your help.

you are free to do as you please you agreed to list your expense . that is the issue no more than that , you made a promise and broke it -- again and again. you had me ask you multiple times etc.

These face creams were given to me by the brands as GIFTS. I didn't buy new clothes since more than a year. In fact I still use the shoes that you gave me since 3 years ago which are destroyed and I look like a homeless. I don't even have clothes for this winter. The only thing that it's true that I spent a lot of money on are taxi's because I'm scared to take the subway.

review your expenses , see if face creams perfumes. beauty products sitting on your counter were
the right things to buy, or cloths or taxis. you had agreed to put down all your expenses so you
yourself could see where your money goes. as usual you didnt do as you agreed./ promised
repeatedly . so this is where i said i was afraid you would be. . if you continued to ignore what
you agree to.

It's since March that I'm trying to live with the money you gave me and even if I'm working I don't
earn enough to sustain my life alone. I tried but with the rent and all the other expenses I'm not able
to make it by myself. What should I do ?
