Peter Arvai, CEO/Co-Founder of Prezi (a company that has a novel way of doing visual presentations). He's pretty far out on the spectrum, but very smart and interesting. He's Hungarian, and splits his time between there and SF.

I'm now straining to think of other people out here who have impressed me in ways you would find interesting... coming up empty (a sad commentary, eh?).

I'll radio back if anybody else comes to mind...

Be well!
