our anniversary is tuesday. since you have not returned my emails or skype message . I can only guess that you did not respond well to my last message. sorry, I will feel really bad if you are angry, but will feel much worse if, I had the opportunity to convince you to take your life seriously, deal with your mistakes. stop blaming everyone else each time something goes wrong, car exam toefl irs etc. Im not sure what happened on your five day trip up in the woods. however since you came back you have behaved very differently. . I believe in you. I have much more experience in life. you prefer to do things your way, though time and time again they don't lead you to where you say you want to be,
