are you in NYC anytime through the 10th of December ?

i hope you are pleased with the elite sprinter paper, it has generated a couple of BBC interviews, about 10 press pieces and i am set up for a television interview in Jamaica for the 16th

i am attaching another paper for which your Foundation is thanked since it was done during the period of emergency aid from you—it is an obscure paper but not without some interest

regarding your gift, i will send your people a full accounting of the first \$25,000 soon enough—it was my goal to leave \$5000 in the Foundation for later work after July 1 and i succeeded in that

most of the money was spent on either past research (e.g. ~\$8000 leftover bills from the elite project, (one does always overspend) including money for the head of the MVP Track and Field Club, the statistician we employed, who did an outstanding job and some payments for field assistants left over from March, most of the remainder was spent on research assistants except for one two-week trip to Berlin's Institute of Advanced Studies in order to master the evolutionary logic of cancer—a fascinating area—i made real progress because they had the best of the best theorists there and very little good evolutionary theory has yet been applied to cancer

here is wishing you all the best, as usual

but once again are you by any chance available to see ?

bob
