Good Night [REDACTED] and Kyle

Updates

Pavilion

phone, internet, Wifi are online

- needs cover for wires that are exposed due to the removal of the carpet

Flagpole Pole

Stereo system is online

Internet, phone and wifi are online

- the jacks on the right hands side need to be replaced
the phone is plugged into the left hand side.

Gym

Stereo and Wifi are online

Walkie Talkies

LSJ and GSJ repeaters are online

so far report range extend to Home Depot without any problems (we have not found the limit as yet)

GSJ tower pole

It is rusting badly and is posing a hazard to climb and do work on it. I recommend changing this to a non metallic one.

GSJ internet

Liston and I can not find the fault of this problem. I will continue to trouble shoot this.

Outdoor WiFi

Earl and Liston have visited the sites and will submit their proposal for the outdoor wifi. Waiting for a site visit date from ViYa

Theater

is online

LSJ Tiki

Let me know when I could access the kitchen area. So I can inspect system and wires.

[REDACTED] please run movie or stream a video to ensure that there is any buffering. If there is I need to report it to ViYa.

Regards

Jruan
