We just had a long conversation with Vincent Pisegna about the litigation concerning Harry's petition. I suggested, and he very much welcomed the suggestion, that Richard Kahn contact him to fill in many details that I don't know. Would that be OK? His email address is: Vincent Pisegna [REDACTED] >.

I've just sent him the full petition, with the exhibits, along with some comments of mine about my specific concerns, attached. Also attaching something we sent already, what we finally obtained from Bainco after many inquiries about the missing \$117,000. Still obscure.

Vincent's particular concern seemed to be the matter of the income from the Trust, the fact that it seemed to be so small -- if it was being distributed to me at all before you approached Max on the issue. I'm still awaiting a full accounting from Max, along the lines you indicated, so I had to tell him I was just guessing, for this reason. You have all the letters.

I think that sums it up.
