Hi Jeffrey,

Thank you for your reply. I have included the additional items to the list.

We still need some clarification on the items below in **RED** and the items listed below for the divan.

I attached are the latest conceptual drawings of the divan based off of the "mockup" that was last provided to us. Please let us know if this is what you are looking for.

Thank you!!!

Open items needing clarification on DIVAN

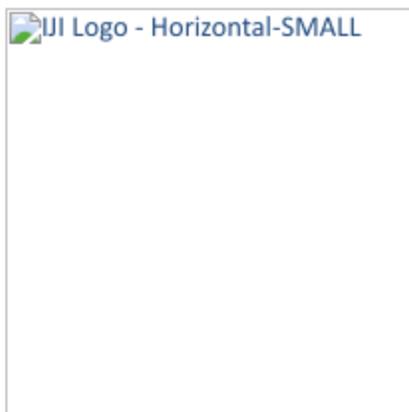

- Radius on the inboard edge of the end arms? Or squared off?
- Would you like to cover the end arms in the Hermes fabric to match lower side wall or the off white fabric being used on divan?
- Would you prefer a welting on the arms or just a seam?
- Would you prefer welting on the divan cushions? if so, would you like it to be same fabric as divan or the Hermes side walls?
- Will the cushion styling/profiles remain as is?
- The back cushion will be made taller per your request.
- Would you still prefer a 1pc back and bottom cushion?

- How would you like to treat the divan doors?

Open items needing clarification in CABIN

- Recover PSU in suede – real suede will have a seam roughly every 6', ultra-suede we can accommodate without seams. Do you have a preference?
- Replace grospoint in aft lav. closets- Do you have a color preference? Otherwise ill make recommendations
- Organize galley glass and drawer inserts – Are you looking for plexi dividers?
- Build "carry on chest for behind RH#2 – flat top, ¾" lower from top of ledge, blanket/pillow storage, Hermes like, cover in leather – need to clarify design
- There was mention of recovering the window line panels again, is that your preference?
