Greetings all, These are pictures of an aluminum boat that is for sale in Puerto Rico, Bosco saw it when He was there for barge repairs. I think it would be a good crew boat for LSJ it use to bring divers to the BVI from PR. I would like to go to PR and take lots of pics and examine the boat to see if it be worth to survey. Owner is accepting reasonable offers, boat needs new engines that can be installed in PR I would also get that info. Please advice

Respectfully

Carlos
