Greetings Mr. Epstein,

Attached for your review and comments are two of the three quotes we requested for the hangar project:

Olympia Steel Building Systems: \$ 275,337.00, delivered to Tropical FL  
Allied Steel Buildings: \$ 250,508.00, delivered to St. Thomas

The cost of the hangar door is not included in either quote. The vendors have requested quotes and are expecting them shortly.

The third company, Caribbean Structural Systems, will have their quote to us by Tuesday, 8/20.

Respectfully submitted,

Daphne
