---

Good Afternoon Mr Epstein,

Please see the attached schedule and task list for LSJ and GSJ. Please note some of these dates will need to be confirmed by the contractors we decide to hire, there is a high demand right now for labor / contractors in the VI. Since this is such a large sheet it may be hard to view, if so please let me know and I will share my login with you guys so you can login as me if needed. Please let me know what questions you have and thank you for your time.

Very Respectfully,

Kyle W Reavis  
Construction Manager
