Subject: Batch Plant

Date: Tue, 07 Aug 2018 18:03:55 +0000

Attachments: Scheda_Carmix_5_5XL_EN_01.pdf

Good Afternoon Gentlemen,

I went over to St John to see the two Carmix trucks that are for sale and they are not worth buying. They would need total refurbishment to get them up and running properly. I have pictures of them if anyone would like me to send. I think if we want a mobile batch plant / mixer we should order a new Carmix truck (5.5 XL) that can mix 7 yards per batch. I have attached the specs on this truck to this email.

Very Respectfully,

Kyle W Reavis
