i discussed with both Brice and Mike Glidden last week who apparently never followed up with vendor as invoice appears to have over billed labor and travel charges: 2,850, 7,000 and 7,000
Mike Glidden and Brice clearly never reviewed before it was presented to me for payment as when i questioned them they had no explanations....

i will resolve now..

Good morning Mike.

Yes, the project has been approved. Please forward how payment is to be made and we will get going on that.

Just to confirm, the measuring will be done on St Thomas with the boat still in the water and in service. Let me know your schedule on that.

The schedule for getting the boat on the hard and you getting to PR for installation will be a phone call, more than likely tomorrow. We have a bit of coordination to do on our end yet. I will let you know.

Thanks,

MG.

Hello Michael,

I was speaking with Bill today and he informed me that the job has been approved. If you have an idea on when we will receive the 50% I will get with my production manager and get a completion date as well as schedule my guy to come over to measure up for the exhaust. I look forward to hearing back from you.

Best Regards,

Mike Metcalf
