We can devote 2 trucks to such a job and make it VERY worthwhile. We will batch from one truck as a mobile plant so the plant footprint and cost are considerably lower.

Marian our principal has asked if you could also do 3 miles of concrete road..  
Please advise  
Thank you

Rich and Daphne:

Thank you for the time taken to discuss ORTALIS Concrete and how we may be able to support your projects on the islands. I have given you a broad view of the company in this attachment, and an endearing deal to win your business for this pour contemplated on the upcoming week. I trust that you will see how valuable a relationship this can be for both us as we seek growth opportunities that showcase our talents and products and for you as you require quality concrete and development support services.

Please let me know if you wish to discuss further or to order concrete.

Most Sincerely,

**Marian P. Prescod, PMP, CGMS**
