Jeffrey,

One of my best friends and most interesting people I know — Edward Saatchi

https://en.wikipedia.org/wiki/Edward_Saatchi

He won Emmy, build/sold companies, working on Fable Studio where they created VR character with his partner (ex Pixar exec).

Young, artistic, strong values. Terrific friend.

He is a son of Saatchi who founded that famous agency.

Happy to intro. He's based in SF. He'd be great for the group.
