my first draft response , is that arbitration , even if you win , i m not sure you do. the fake document is a key if provable. but the chinese protect their own. my instict is that this needs finesse rather than a legal attack. those jvs made during the early days are looked at like the foreigners were trying to take advantage of the local. s did he claim you didnt produce what you promised, ? he is not very powerful. but he is a local. . unlikely a quick solution , but heavy players needed. not likely kuhn. i have some ideas. can talk at your convenience. . not sure if the value you got for the co. includes long term contracts for rent for ex at an exorbitant price , paid to wus real estate co. . was your former chinese partner involved in this mess?
