Thank you Daphne

After doing some more research  
Below are the estimated weights  
For our boats  
Little C estimated weight  
15500.00lbs  
Nautica estimates weight  
16000 lbs

Are we achieving anything by purchasing a smaller water trailer ?

i was told first that we needed a larger tractor to pull boats. then im told that its for the water truck , just get a smaller watter truck of 1000 gallons instead of 1600 gallons. this is really silly
