Good Morning
my responses in blue

- 1 please send me drawing for bathroom counter tops and vanities. thx ,
attached drawings and designs for your reference
2. what do we use the water truck for?
there main purpose is for hauling water from LSJ to GSJ
we are using the F450 with a water tank at present.
- 3 fuel truck have we found one.
Mike reached out to John Feola before the holidays, he will reach out again today to get update on search
4. boat ramp , is it in?
My understanding from Kyle, EB will on site 15th to continue work
5. not sure why equipment has not been fixed. lull since JULY??!
The old lull which was replaced early this year with a used 2007 lull, we can not get the parts to repair it
Initially we kept going for a backup, the reality was it was more reliable than the new 2007 Lull
It finally failed, we have been using parts off it to keep 2007 lull running, which is also in bad shape
Mike and I outlined our concern to Rich regarding the 2007 lull he purchased, hence the request to
purchase a new lull.
We where under the impression a new Lull had been ordered
It is very disappointing to hear the new Lull requested and approved by you did not eventuate.
