Hi Kyle,

I'm working on a preliminary design for your building we discussed.

Pricing won't be ready until after the new year, but I want to make sure what I'm working on is what you have in mind.

All the best,

Hey Mike,

I do not have elevations here. I am thinking the building will be around 22-25' tall to include the office sections in each shop. The potential site will be graded to keep the whole building level with no changes in foundation elevations. Lets do 2 pm if that works with you, I am on STT time if you are on EST time let me know. Thank you Mike and I look forward to it.
